Industry-Ready Graduates: 1,480 New Leaders Emerge from UNILUS

Graduates celebrating during the their 17th graduation ceremony at Silverest Campus in Chongwe District.

By Zipporah Mushala

“LEAD with Vision and Purpose: Graduating with the Power of Self Resilience.”

This was the theme at the 17th graduation ceremony held by the University of Lusaka (UNILUS) on 24 and 25 April 2025 at its Silverest Campus in Chongwe District.

The theme perfectly resonates with the high education standards of the ultra-modern private university, which prides itself on producing industry-ready graduates.

This has been achieved through establishing strong linkages with industry and interaction with different stakeholders.

The ceremony was officiated by UNILUS Vice Chancellor Pinalo Chifwanakeni.

It was graced with the presence of

various stakeholders, including vice chancellors of other universities and their deputies, registrars of other universities, professors and lecturers, sponsors, and UNILUS staff, among others.

Zambia National Public Health Institute Director Mr. General Roma Chilengi and Chief Justice Mumba Malila were the guests of honour. The graduands, clad in their colourful gowns, were the main stars of the show.

The University of Lusaka boasts five schools with various programmes under them, namely: School of Postgraduate Studies, School of Business and Economics and Management, School of Medicine and Health Sciences, School of Technology and Social Sciences, and the School of Law.

Those who graduated were from various disciplines.

UNILUS Sign MoU with Kumamoto University

By Frank Mshanga

The University of Lusaka (UNILUS) has signed two Memoranda of Understanding (MoUs) with Kumamoto University (KUMADAI), a world-renowned institution in Japan. One MoU focuses on academic exchanges, while the other emphasizes student exchange programs.

The event was witnessed by the Chief Representative of the JICA Zambia Office, Mr. Jotaro TATEYAMA, who represented the Vice-Chancellor of Kumamoto University, Dr. Hisao OGAWA who was accompanied by the JICA Project Formulation Advisor Ms. Megumi SUDA. Also in attendance were the UNILUS Vice-Chancellor, Prof. Pinalo Chifwanakeni, and other members of staff.

Prof. Chifwanakeni stated that the two MoUs marks the beginning of a strong partnership between the two Universities and serve as a bridge connecting their academic visions. He noted that the collaboration will create valuable opportunities for both staff and students.

The MoUs encompass several key pillars, including equipping students with advanced skills to drive innovation and entrepreneurship,

UNILUS Vice-Chancellor, Prof. Pinalo Chifwanakeni, and JICA Zambia Office Chief Representative, Mr. Jotaro Tateyama, exchange Memoranda of Understanding (MoUs).

providing continuous professional development for faculty, enabling joint research initiatives and academic publications in impactful fields, and enhancing community engagement through digital transformation initiatives, among others.

The UNILUS Vice-Chancellor further revealed that the partnership with Kumamoto University is already underway, with some students set to travel to Japan in August for a one-

year exchange program in the fields of Computer Science and Information Technology at no tuition cost.

He also thanked JICA Zambia for facilitating the collaboration between the two Universities and pledged to strengthen the partnership by working closely with JICA Zambia and Kumamoto University on future programs and initiatives.

Chief Representative of the JICA Zambia Office, Mr. Jotaro Tateyama, poses for a group photo with UNILUS staff members.

The delegation toured the UNILUS modern hospital, School of Business, student gym, and other facilities.

Chief Representative of the JICA Zambia Office, interacting with UNILUS students.

Under the School of Postgraduate Studies, the university graduated students in various disciplines such as Doctor of Public Health, Doctor of Philosophy in Human Resource Management, and Executive Master of Business Administration in Leadership and Wealth Creation.

Postgraduates also included those with Master of Science degrees in fields like Marketing Management, Procurement and Supply Chain Management, Risk Management, Epidemiology and Biostatistics, and Criminal Litigation.

The graduation ceremony also saw undergraduates walking away with various degrees from the School of Law, School of Medicine and Health Sciences, School of Technology and Social Sciences, and School of Business, Economics and Management. These included Bachelor of Laws from the School of Law.

A total of 1,480 students graduated, up by 339 from 1,141 at last year's graduation.

Chief Justice Mumba Malila, who was the guest of honour, commended UNILUS management for the university's dedication to addressing the pressing needs of society through its programmes.

He also noted the establishment of the new Business School, with its state-of-the-art facilities, which he said embodies this commitment. Addressing the graduands, Dr Malila challenged them to step into the

UNILUS Vice-Chancellor, Prof. Pinalo Chifwanakeni, conferring a degree to a graduate.

unknown with courage.

He noted that to have vision is to see opportunities where others see obstacles, and to be self-reliant is to stand resolute and trust yourself even in the face of adversity.

"The University of Lusaka has equipped you with the greatest tool of all: self-reliance. Every challenge faced, every obstacle overcome, and every lesson learned through perseverance has prepared you for this moment," he said.

"Today's theme reflects your journey; standing confidently at the threshold of your future, ready to transform your dreams into reality, guided by purpose and fortified by self-reliance," Dr Malila added.

Dr Malila encouraged the graduates to dream big, challenge conventions, and push the boundaries of possibility, pairing their faith in their abilities with action.

University of Lusaka Vice Chancellor, Pinalo Chifwanakeni, who also addressed the graduands, reminded them that to succeed in today's world, one needs the ability to see beyond challenges, and pursue meaningful goals.

Professor Chifwanakeni noted that leadership was not defined by titles or authority, but about having a vision,

acting with integrity, and making a meaningful impact.

"As you move forward, I encourage you to embrace your own vision. Define your goals with purpose, pursue them with passion, and let your leadership be driven by a commitment to excellence, innovation, and service to others," he said.

Professor Chifwanakeni highlighted that the world was rapidly evolving due to technology, global challenges, and shifting economic landscapes. He emphasised that future leaders would need to anticipate, innovate, and lead with conviction to succeed.

Professor Chifwanakeni emphasised that self-reliance was a key strength for graduates, enabling them to think independently, solve problems creatively, and navigate challenges. He noted that to succeed, they had to think critically, make informed decisions, and adapt to an evolving world.

Professor Chifwanakeni further urged the graduates to lead with vision, act with purpose, and harness their skills to tackle real-world challenges, empower communities, and build a lasting legacy.

He parted with a quote from Mahatma Gandhi, "Be the change that you wish to see in the world."

Government Urges Universities to Conduct Policy-Influencing Research at SARUA Conference

Ministry of Education Permanent Secretary for Technical Services Dr. Kelvin Mambwe during SARUA Conference

By Gideon Nyendwa

Government has challenged universities in the country and the Southern African region to engage in impactful research that drives policy change and transforms communities.

This call was made during the official opening of the Southern African Regional Universities Association (SARUA) Conference held under the theme: “Innovating Higher Education for Sustainable Development Across the SADC: Innovation for Impact.”

Speaking during the official opening of the conference Ministry of Education Permanent Secretary for Technical Services Dr. Kelvin Mambwe said

there was need for research that was relevant and capable of changing lives.

“The public must be able to see how research is transforming their lives,” he said.

Dr. Mambwe welcomed regional delegates and commended SARUA for choosing Zambia, particularly the University of Lusaka, as the host venue.

He said the hosting of the conference at a higher learning institution, instead of a hotel, was a symbolic step in promoting academic engagement.

Dr Mambwe said Zambia’s investment in higher education, citing infrastructure development, digital transformation, and increased research capacity as key milestones.

The conference, co-hosted by the University of Lusaka and the University of Zambia, brought together university leaders, researchers, from across the region.

And University of Lusaka Vice Chancellor Professor Pinalo Chifwanakeni stressed the urgent need for universities to act as catalysts for socio-political and economic transformation.

He lamented the disconnect between abundant regional resources and the lack of wealth creation, urging academia to produce tangible outcomes.

Meanwhile Professor Stephen Simukanga, SARUA’s Interim Executive Director, underscored the role of digital transformation in shaping the future of higher education.

He called need for cross-border collaboration, shared research, and harmonized curricula to make institutions more adaptive and responsive to global trends.

UNILUS Host EXMBA Students From Latvia

EXMBA students from University of Latvia RIGA Business School arrive at Lusaka International Airport.

Fourteen Executive MBA (EXMBA) students from RIGA Business School at the Technical University of Latvia have visited the University of Lusaka (UNILUS) in Zambia for a study module focused on sustainable business models and wealth creation, with a specific emphasis on Africa.

An Executive MBA is a specialized master's degree in business administration designed for experienced professionals in leadership or management roles who seek to advance their skills and careers.

Upon arrival at Lusaka's Kenneth Kaunda International Airport, the team was warmly received by Prof. Mlenga Jere, Deputy Vice Chancellor – Student Experience and Alumni

Affairs, along with other UNILUS staff members.

In his official welcome, UNILUS Vice Chancellor Professor Pinalo Chifwanakeni expressed his appreciation for the collaboration and emphasized the significance of the visit. He told the students that their trip would provide valuable insights into the vast business opportunities available in Zambia and across the African continent.

Professor Chifwanakeni noted that Africa is richly gifted with natural resources and holds great potential in key sectors such as human capital, wildlife, tourism, and manufacturing. He encouraged the visiting students to return to Zambia in the future as

UNILUS Vice Chancellor Professor Pinalo Chifwanakeni addressing the EXMBA students

investors and partners, working with local stakeholders to harness these opportunities.

“We expect you to be drivers of change in demonstrating that education is not just about textbooks, but about understanding and applying knowledge for the betterment of society,” he said. He further urged the students to remain open-minded and eager to learn throughout their stay.

UNILUS Executive MBA Students’ Coordinator, Mr. Briven Simaundu, described the visit as a major milestone, emphasizing that it reflects the growing international recognition

of UNILUS by other institutions around the world.

He added that the University’s own Executive MBA program offers valuable opportunities for professional development, global linkages, and international networking.

RIGA Business School team lead, Nellija Totoua, praised the trip as a valuable experience to explore Zambia’s potential.

“We are here because we believe in UNILUS, and we aim to invest in and offer guidance to local partners,” she said.

Kaspars Rozalins, one of the Executive MBA students from RIGA Business School, expressed optimism about Zambia’s position on the global investment map. He highlighted the country’s fast-growing economy, conducive business environment, and progressive initiatives.

During their visit, the team received presentations from the Zambia Development Agency (ZDA) on investment opportunities and market entry strategies, while BDO Zambia provided insights into the country’s tax environment.

The students also had the opportunity to experience Zambian culture and development first hand through visits to the Lusaka National Museum, the Cultural Village, and the Lusaka South Multi-Facility Economic Zone (LSMFEZ).

Additionally, they engaged in a networking event with UNILUS Executive MBA students, fostering dialogue and potential collaboration.

UNILUS Public Health Students clean-up Chainda Compound

By Frank Mshanga

Public Health students from the University of Lusaka (UNILUS) have launched a clean-up campaign at Chainda compound, combining waste management efforts with community sensitization on the importance of hygiene and access to clean water.

Residents of Chainda Compound, led by Chainda Ward Councillor and Speaker of the 3rd SADC Youth Parliament, Mr. Nsama Patrick Mpundu, joined the students in collecting garbage that had been carelessly disposed of along the roads. He also participated in educating community members on various health tips to promote better hygiene practices.

Mr. Mpundu emphasized that the local authority is committed to finding sustainable solutions to prevent residents from dumping garbage in unauthorized areas. He mentioned that one of the measures being considered is the introduction of stricter penalties for those caught littering.

He acknowledged the financial challenges faced by some community members, revealing that not everyone

UNILUS Public Health students collecting garbage in Chainda compound

can afford the K80 monthly garbage collection fee, which has led to illegal dumping.

“We will also ensure that each household has access to safe drinking water to prevent waterborne diseases such as cholera,” said Mr. Mpundu.

The Councillor expressed his gratitude to the UNILUS Public Health students for initiating the Chainda Market clean-up campaign. He highlighted that such efforts are crucial in maintaining a clean environment and reducing the risk of preventable diseases.

University of Lusaka (UNILUS) Public Health Head of Department, Mrs. Eva

Kangwa, praised the students for their dedication to promoting a healthy environment, noting that this is not the first clean-up initiative undertaken by the University.

Mrs. Kangwa explained that the students were divided into two groups: one group focused on collecting garbage, while the other engaged with community members on environmental education, sharing practical tips on maintaining a clean and healthy environment.

She urged residents to avoid dumping garbage in unauthorized areas, stating, “A healthy community stems from a clean environment.”

Mrs. Kangwa further added that the University looks forward to collaborating with other communities in need of support from Public Health students to promote environmental health.

The initiative has been well received by the community, and it is hoped that it will inspire more collaborative efforts between local authorities, educational institutions, and residents to promote public health and environmental sustainability.

ZNBS Explores Partnership with UNILUS to Enhance Students Support

ZNBS management team with the UNILUS members of staff at Silverest Campus school of business

By Frank Mshanga

The Zambia National Building Society (ZNBS) management team paid a courtesy visit to the University of Lusaka (UNILUS) Silverest Campus to appreciate the institution's ongoing infrastructure development and discuss potential collaboration opportunities.

The delegation was warmly welcomed by UNILUS Deputy Vice-Chancellor (Academic), Prof. Bryson Mumba, on behalf of the Vice-Chancellor, Prof. Pinalo Chifwanakeni.

The visit focused on exploring partnerships in key areas, including enhancing student accommodation facilities, capacity building, and providing financial assistance for both students and staff.

Prof. Mumba highlighted the University's significant growth over the years, noting its expansion in infrastructure, student enrollment, and the introduction of various undergraduate and postgraduate programs. He proudly stated that UNILUS is currently ranked as the top private university and the third overall in Zambia among both public and private institutions.

Speaking during the visit, UNILUS

Director of Institutional Strategy, Mr. Pinalo Chifwanakeni Jr., expressed gratitude for ZNBS's interest in collaborating with the university.

He emphasized that UNILUS aims to strengthen partnerships with institutions like ZNBS to support student career development, industrial attachments, and other forms of collaboration through Memoranda of Understanding (MoUs).

Meanwhile, ZNBS Managing Director, Mrs. Mildred Nyamizyu Mutesa, reaffirmed the institution's commitment to partnering with UNILUS in infrastructure development, particularly in student accommodation and other key projects.

Mrs. Mutesa also reviewed the ZNBS School Pay System, which enables students to make tuition and other payments via mobile services (E-wallet), with transactions reflecting instantly in the university's system.

Additionally, she announced that ZNBS will offer UNILUS staff a range of financial services, including housing development financing, general insurance, the Smart Kids Savings Account, and the Thandizo Funeral

Plan.

The partnership discussions mark a promising step toward strengthening student welfare and institutional growth at UNILUS.

The team also toured the UNILUS Silverest Campus, exploring its modern hospital, School of Business, student gym, and other facilities.

Access Bank Zambia Sign MoU to Enhance Graduate Employability

UNILUS Deputy Vice-Chancellor – Student Experience and Access Bank Deputy Managing Director

By Frank Mshanga

The University of Lusaka (UNILUS) aims to bridge the gap between academic learning and the professional world through strategic partnerships and initiatives.

Speaking during the Memorandum of Understanding (MoU) signing ceremony between Access Bank (Zambia) Limited and UNILUS at the Silverest Campus, Professor Mlenga Jere, Deputy Vice-Chancellor – Student Experience, Alumni Affairs, and Partnerships, highlighted the significance of the collaboration.

“This MoU will significantly

contribute to the University’s goal of producing graduates who are not only academically skilled but also well-prepared to make meaningful contributions in the workplace and the broader business community,” said Professor Jere.

He added, “This collaboration is a testament to our shared commitment to developing employable human capital both locally and internationally.” Meanwhile, Access Bank Deputy Managing Director – Retail and Digital Banking, Mr. Bobblin Cheembela, announced that the Bank

will implement a Sales Ambassador Scheme. The initiative will offer participating students hands-on experience in financial services, equipping them with practical skills to prepare them for the future.

Mr. Cheembela further stated that the Bank will support UNILUS through mentorship programmes, internship opportunities, and participation in graduation ceremonies, including the sponsorship of prizes for outstanding students.

“We are confident these initiatives will bridge the gap between academic life and the working world,” he said. In addition, Access Bank will offer tailored financial products and services designed to meet the unique needs of both students and staff at the University. “Our tailored financial products will provide practical solutions that enable students and employees to carry out transactions, save, invest, and access loan products and other services,” Mr. Cheembela added.

As part of the ceremony, the Access Bank delegation toured the UNILUS Silverest Campus, including the state of the art hospital, School of Business, and other modern facilities.

UNILUS, ZNS Sign a Five-Year MOU to Enhance Educational Opportunities

By Frank Mshanga

The University of Lusaka (UNILUS) has signed a five-year Memorandum of Understanding (MoU) with the Zambia National Service (ZNS) to expand educational opportunities for military personnel and their families.

Under the agreement, ZNS officers, soldiers, civilian employees, and their children will receive a 15% tuition waiver for undergraduate and postgraduate studies at UNILUS, while ZNS will offer UNILUS students hands-on industrial training and practical exposure across various sectors.

Speaking at the signing ceremony, UNILUS Vice-Chancellor, Professor Pinalo Chifwanakeni, expressed enthusiasm about the partnership, emphasizing its broader impact beyond academics to social and economic development.

Professor Chifwanakeni further stressed the integration of research into training programs, stating that the collaboration would drive academic excellence, foster innovation, and

UNILUS Vice-Chancellor, Prof. Pinalo Chifwanakeni exchanging the MoU with ZNS Deputy Commander and Chief of Staff, Major General Reuben Mwewa,

contribute to Zambia's national development through strategic research and training initiatives.

Meanwhile, ZNS Deputy Commander and Chief of Staff, Major General Reuben Mwewa, described the partnership as a transformative step towards enhancing professional growth and operational efficiency within ZNS.

He noted that, in return, ZNS would provide UNILUS students with practical exposure and industrial training in fields such as agriculture,

engineering, logistics, private enterprise, and security studies.

Major General Mwewa emphasized that the collaboration underscores ZNS' commitment to human capital development by blending academic expertise with hands-on experience.

He also highlighted the importance of equipping young people with technical skills, enabling them to contribute meaningfully to Zambia's economic growth.

Dentsu Zambia & UNILUS Launch's a Talent Incubator for Graduates

UNILUS and Dentsu Zambia team poses for a group photo after the launched of the Talent Incubator.

By Frank Mshanga

Dentsu Zambia has officially launched the Dentsu Zambia Talent Incubator, a fresh and forward thinking partnership with the University of Lusaka (UNILUS) aimed at helping fresh graduates gain real world experience in media, marketing, and advertising.

The initiative is designed to close the gap between classroom learning and the fast paced demands of today's job market. Through mentorship, on job training, and direct exposure to global brands, graduates will have the chance to build the practical skills they need to succeed.

With Zambia's digital and creative industries on the rise, there's growing demand for professionals who can navigate both local and international markets. The Talent Incubator offers just that an opportunity for young people to learn the modern trends in a real world setting while gaining

insights into global industry standards.

"This program is about more than just getting experience," said Chishimba Musonda, Managing Director of Dentsu Zambia. "It's about helping young Zambians shape their careers, learn from global leaders, and compete with confidence on the world stage. We're proud to be investing in the country's future."

The incubator also reflects Dentsu's broader commitment to Zambia's development by nurturing home grown talent. The company hopes that this partnership with the University of Lusaka will inspire innovation and drive a long term growth within the country's media and marketing sectors.

Deputy Vice-Chancellor of Research and Innovation at the University of Lusaka Professor Bowa, has praised the initiative, calling it an important

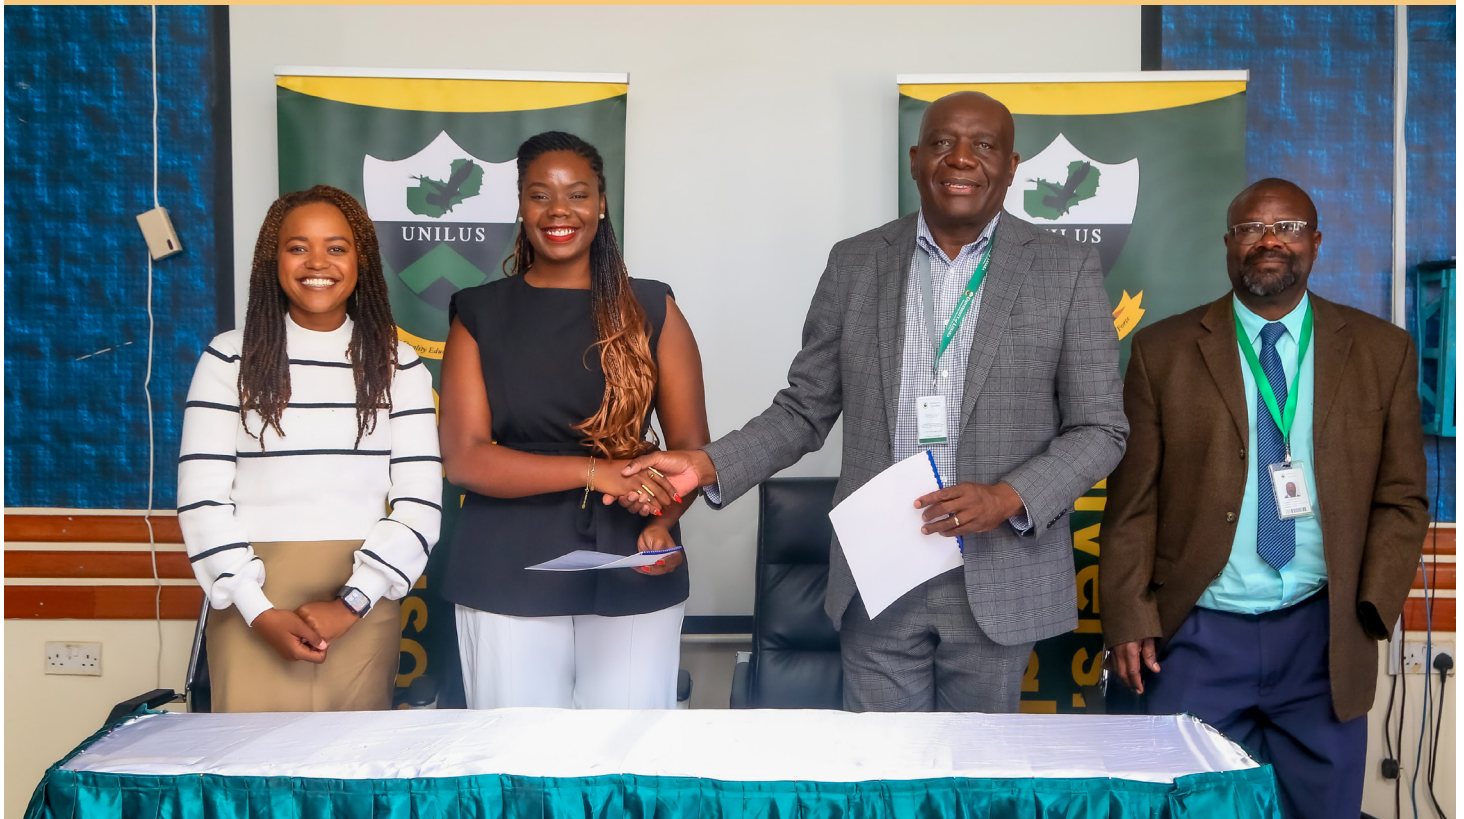

step in preparing students for the realities of today's workforce.

"We're excited to work with Dentsu to give our students hands on opportunities that will prepare them for the ever changing job market," he said.

At its core, the incubator represents a shared goal between Dentsu and the University of Lusaka: to empower the next generation of leaders by blending academic learning with real world experience. It's a model built to help young professionals grow, adapt, and thrive.

With programs like this, UNILUS and Dentsu is setting the pace for innovation and talent development in Zambia's creative industries ensuring that young people have the tools, knowledge, and confidence to lead in a globalized world.

UNILUS Partners With Yellow Ray Digital To Bridge Gap Between Academia And Industry

UNILUS Vice Chancellor, Prof. Chifwanakeni, and Yellow Ray Digital Co-Founder and Creative Director, Adele Makayi, shake hands after signing the MoU.

By Frank Mshanga

The University of Lusaka (UNILUS) has signed a Memorandum of Understanding (MoU) with Yellow Ray Digital in a strategic move aimed at bridging the gap between academic knowledge and real-world application.

Speaking during the signing ceremony, UNILUS Vice Chancellor Professor Pinalo Chifwanakeni emphasized the importance of the collaboration in equipping students with practical skills in one of today's most dynamic and in-demand fields digital marketing.

"This partnership will empower our students with the hands-on experience they need to thrive in the digital economy," Prof. Chifwanakeni said. "The true value of education lies in its ability to prepare learners to solve real world problems, engage with industry

tools, and adapt to a rapidly evolving digital landscape."

He further highlighted that the collaboration would also foster research, innovation, and knowledge exchange key pillars in the university's commitment to academic and professional excellence.

Yellow Ray Digital Co-Founder and Creative Director, Adele Makayi, welcomed the partnership, noting its significance in advancing digital skills in Zambia.

"This MoU signals the growing importance of digital competencies in today's economy and reinforces our shared commitment to empowering Zambian professionals with practical, future oriented training," she said.

Makayi also revealed that Yellow Ray Digital has so far facilitated 13 cohorts of its training program, benefiting 256 passionate and ambitious students.

"Currently, we're guiding a dynamic group of 19 learners through the latest cohort. We continue to be inspired by the creativity, curiosity, and resilience they bring to the classroom," she added.

UNILUS and Yellow Ray Digital team

UNILUS Business School Hosts Inaugural Career Fair

The Chief Executive Officer & Managing Director of Standard Chartered Bank, Mr. Sonny Zulu address the students during the Career Fair at the School of Business at UNILUS Silverest Campus.

By Frank Mshanga

Over 700 students attended the first-ever Career Fair at the School of Business, Economics, and Management, held in the auditorium at UNILUS Silverest Campus.

The event was themed “Navigating the Modern Job Market: Insights from Industry Leaders.”

The Chief Executive Officer & Managing Director of Standard Chartered Bank, Mr. Sonny Zulu, shared invaluable career insights and practical advice, drawing from his own experiences. Sonny emphasised that career success is not solely about academic excellence but also about making wise lifestyle choices, selecting the right networks, and being intentional about personal decisions. “Who are you? What is your purpose?” he asked the students, adding that once individuals understand their identity

and purpose, everything begins to fall into place.

Mr. Zulu further encouraged students to embrace a world full of possibilities, stating that “the world is changing faster than ever imagined, and you are the key. The skills you develop, the knowledge you acquire, and the passion you nurture today will drive the next wave of innovation. Do not just adapt to the future—define it.”

CEO of Yenda, Krishma Nayee, a Zambian impact-driven entrepreneur passionate about breaking barriers to employment and financial freedom, delivered a presentation on navigating the modern job market using the internet. She provided insights on finding online job opportunities and leveraging digital tools for career advancement.

The event also featured a panel

discussion with distinguished industry leaders, including:

- Mr. Sikatumba Owen Chilala – CEO, Zambia Institute of Human Resource
- Dr. Bridget Kamboke – Group Manager, Public Relations & Corporate Affairs
- Bluseke Bluseke – CEO/Founder, Blink Marketing
- Ms. Chishimba Musonda – Managing Director, Dentsu
- Mr. Nsama Patrick Mpundu – UNILUS Alumni, Chainta Ward Councillor and Speaker of the 3rd SADC Youth Parliament

These panelists shared diverse perspectives and practical tips to guide students in their career journeys.

The Career Fair also hosted an extensive job exhibition featuring over 30 companies from various industries. These professionals provided guidance on writing cover letters, applications, and CVs, job search strategies, and interview preparation. Some companies conducted on-the-spot job applications and interviews, offering students immediate employment opportunities.

The event was a resounding success, equipping students with the knowledge, skills, and connections necessary to thrive in today’s competitive job market.

Rekindling the Dying Embers

Dr. Joan B.M - Mute, PhD.

Lately, I have been feeling rather ‘off’ owing to my personal inner battles and questioning of the essence of life. Pondering on the realities of life, I have embraced a new conviction that every human being has a fire’ or ‘spark’ within that requires time and again to be rekindled. If this process is ignored, one tends to lose interest and passion to achieve their dreams. In fact you begin to question your relevance.

This article is for one who has forgotten their worth and importance of their existence. It is for one who has quit on their pursuit as they question whether life is worth the living. For students this question may be influenced by many factors such as financial, academic, relational, family and general survival struggles. One life’s lesson is that the moment you begin to perceive life to be meaningless it means you expose your vulnerability to any form of destruction. When this occurs, it is time to REKINDLE that which is ‘dying’.

To ‘rekindle’ would entail to light up, to fan into flames, so that the dying embers, or dying coal would light again.

The reality of life is that with the passage of time, one tends to be overtaken by various life’s spears and experiences that deflates one’s passion in pursuing their dream and who they

wished to be upon graduation. This can be translated into forgotten positive habits or life’s rituals that proved to give you energy to fight on.

For a student, it could be those positive habits that enhance your focus on your studies and your greatness that awaits to be exuded within your circles. It is the forgotten discipline to journal your feelings and emotions so that you remain in touch with reality. It could further be rituals of working out to enhance your mental health, reading some inspirational articles, fellowship with others, touching base with your spiritual growth among others.

Remember, if the dying embers are never revisited, the seeds of greatness deposited in you are suffocated and never to germinate.

‘Rekindling the dying embers’ also suggest bringing to life that which brings a smile and sense of fulfillment and purpose in your life. It is the sharpening of your influence to people around you but more so your resilience to life’s challenging moments.

Is it a talent or skill that has been halted and yet it screams within wanting to be given chance? Is it the business idea that got started but aborted along the way yet the passion still exists? Is it your relationship with your God that has gotten cold over the years and you no longer feel His existence nor presence? Is it your love and passion for your work that has been quenched over time due to various reasons?

A reminder to you is that it is not too late to shine again. Your fire can burn brighter and hot again. You can still shine brighter within your circles and touch lives in ways untold. Your

dreams can begin to receive and ounce of hope and expectation to soar high. Your passion to study and inner determination can come alive again , so is your sense of purpose.

Rekindle that dying ember because the spark is still there. You can rise to stardom again and fly to greater heights as you are meant to. You can have take back control of your studies and focus on your career building.

You can believe in your self once again, changing the narrative around your academic performance. Some strategies to overcome challenges that stifle your dream pursuit may include the following:

- Enhancing your ability to with stand all pressures around you- which is resilience.
- Opting for a mindset change that believes that challenges present opportunities for growth and refinement.
- Embrace a self talk that is positive and not negative. Go against the tide and speak affirmations of who you believe you are.
- Realize that when it feels like a setback, you can chose to see hidden setups and lean on that.
- Celebrate what you may perceive as small wins, it may be a good CA, a pass of a test, successful completion of studying a particular lesson .

Remember cream always rises to the top and you are meant for the top. You are called to a life of an eagle that soars high to greater heights and never to stoop down to the ponds of ducks. Be different!
